

Every handover in the six sovereign portfolios

Head of government

34 handovers

Interior

106 handovers

Foreign affairs

130 handovers

Defence

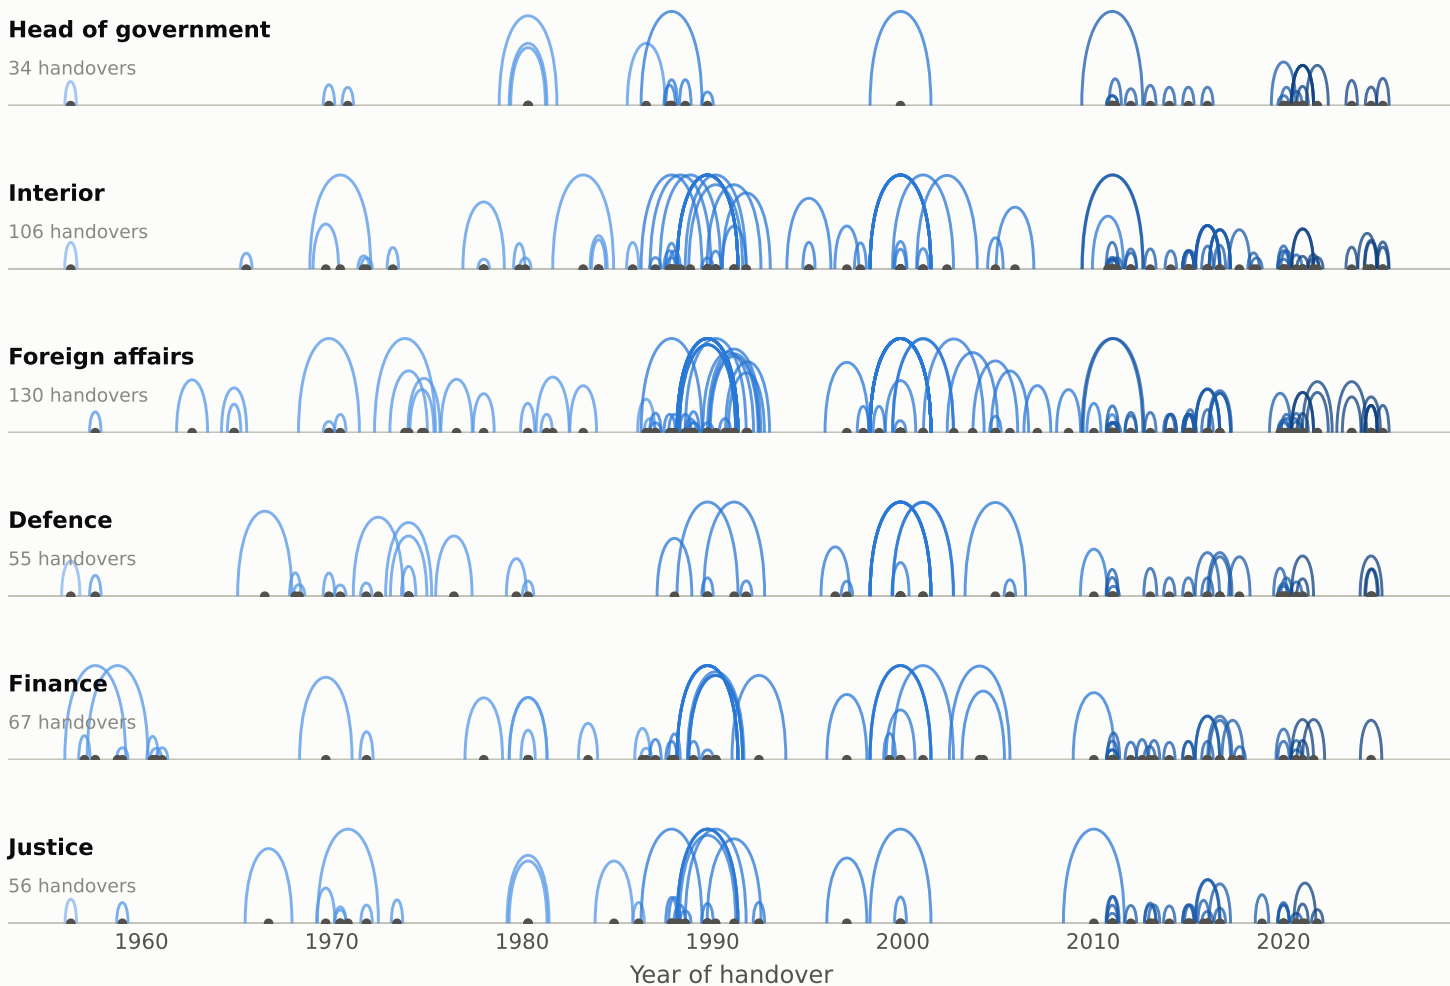

55 handovers

Finance

67 handovers

Justice

56 handovers

One arc per handover, placed at its date; arc height is the outgoing minister's tenure, capped at ten years. Colour is the period.
A tall arc is a long incumbency ending; a run of low arcs is churn. Handover dates come from the succession layer, so a portfolio's row is empty where the sources record no dated handover.
