

Survival in government, by region of birth

Careers, not posts, and the pooled gap is COMPOSITION, not staying power. 30% of Sahel entrants begin under Bourguiba against 11% of Greater Tunis ones, and within an era of entry the regional medians converge — under Ben Ali 11.3, 10.1, 11.3 and 11.3 years. Split by era before reading a regional effect here; who gets in at all is figs. 5 and 12.
